Data-List Marketing Database

One of the most comprehensive targeting tools to reach Veterans from the armed services by age, geo, income and other demographic data.

4,178,305 Email Addresses

This file is updated monthly.

Our Industry-leading Veterans Data-List Marketing Database is a compiled database of motivated online consumers who have served in the armed forces. You can micro-target this group by age, income, ethnicity, race, and more. It is sourced from our vast network of permission-based websites and is updated monthly. Our subscribers have specifically requested to receive promotions and offers on specific areas of interest.
